

The EUSTAR secretariat

**To all EUSTAR centers and interested colleagues**

**Invitation to attend the 3<sup>rd</sup> EULAR/EUSTAR Course  
January 22nd-25th, 2009  
Cochin Hospital, Paris, France**

Dear colleagues and rheumatology fellows,

On behalf of the Executive Committee and all the centres of EUSTAR, we would kindly invite you to participate as young colleague interested in all aspects of systemic sclerosis during the upcoming 3<sup>rd</sup> EULAR/EUSTAR scleroderma course January 22<sup>nd</sup> - 25<sup>th</sup>, 2009 in Paris, France.

As in the previous courses in Budapest and Bad Nauheim, EUSTAR will provide meals and accommodation throughout the course. We do apologize that due to the limited resources travel costs need to be provided by the student or her/his institution.

As we already experienced a high demand for the previous courses and to facilitate a fair distribution of the participants throughout Europe and the centres, we strongly recommend to send the **application fax as soon as possible**.

As concluded in the EUSTAR business meeting in Paris, only **one student per center, who has not participated in the previous courses** is allowed to apply for the 3<sup>rd</sup> course. We do apologize for these restrictions to maintain fairness and quality of the course. Therefore, in case you have attended in Budapest or Bad Nauheim, we strongly recommend to indicate your interest on the attached fax form in case not all registered participants can attend.

Please note that the finalisation of the registration for participation is dependent on the nominal fee of **€ 60.00**, which needs to be transferred to the EUSTAR account until **August 30<sup>th</sup>, 2008** at the latest.

**After the receive of the confirmation of your pre-registration by e-mail**, you will have to transfer the fee to:

**EUSTAR, Sparkasse Oberhessen, IBAN DE53 5185 0079 0030 0907 48, BIC/SWIFT HELADEF1FRI, clearly indicating your name and center.**

Please do not hesitate to contact the EUSTAR secretary or Dr Yannick Allanore ([yannick.allanore@cch.aphp.fr](mailto:yannick.allanore@cch.aphp.fr)) who organises the course for any further information

We would be very happy to welcome you in Paris in January 2009, for the EUSTAR executive committee and EUSTAR centers

Prof. Dr. Ulf Müller-Ladner  
Treasurer

Prof. Dr. Alan Tyndall  
Secretary

Prof. Dr. Marco Matucci-Cerinic  
Chairman
